

*Plexis WEBWorks Highlights*

*Plexis WEBWorks provides the tools you need to support new consumer-driven health plans and products.*

**User Configurability**

*User-configurable dashboard/control center makes it easy to use your company's logo and colors to "private label" your web portal.*

**Role-based security**

*WEBWorks' role-based security allows you to control access to content based their role as a member, provider, administrator, stop-loss carrier, etc.*

## **Dynamic All-in-one Healthcare Portal**

### **Web-based Claim Processing and Consumer-directed Healthcare**

WEBWorks provides an easy-to-use healthcare web portal that allows providers, health plans, vendors and TPAs to instantly communicate and share data. WEBWorks allows access to third party healthcare information system data, connecting claim adjudication data with other vendor information, such as data from a pharmacy benefit manager (PBM).

### **Consumer-Directed Health Care**

WEBWorks gives provides members with a self-service benefits website, helps them make more informed decisions, supports HSAs, Section 125 FSAs and the use of SmartCards that members use for co-pays, pharmacy purchases, etc.

### **WEBWorks Reporting**

Advanced reporting capabilities allow organizations to track specific issues, schedule delivery of reports, and have them delivered automatically via email. Features more than 100 fully customizable, standard reports, including:

#### **General Reports**

Universal reports that examine cost and eligibility within a group. A sample of WEBWorks general reports include:

- Analytical • Charge Type by Month
- Claim Payment Summary • Benefits Analysis
- Charge Type • Claims Analysis • Billed vs. Paid

#### **Disease Reports**

Detailed reports focus on relationship between disease and cost.

#### **Prescription Reports**

Examine the utilization of prescriptions within a group. WEBWorks Prescription Reports include:

- Billing Invoice by Location • Therapeutic Class
- Generic and Formulary • Billing Invoice
- Mail Order Comparison • Utilization Review
- Drug Type • Savings Report by Desc.

#### **Plan Design Reports**

Examines plan designs to identify cost-saving opportunities.

### **Electronic Filing**

WEBWorks electronic filing capability significantly improves data retrieval efficiency for healthcare organizations. With instant access to essential data, healthcare organizations can make more informed decisions.
